Dear Ms. Masters:

Subject: Time Extension for Review of Draft Mitigated
Negative Declaration on Laws Ranch Irrigation Project

This will serve as your notice that the Los Angeles Department of Water and Power (LADWP) has received your letter dated April 8, 2003 and hand-delivered to our office on April 9, 2003, requesting a 30-day extension of time for the public review period for the above-referenced project.

Based on the desire to begin irrigation of this project as soon as possible, LADWP does not believe extending the review period by 30 days would be prudent, but will honor your request for additional time by extending the review period three days. Public comments will now be due by the close of business (4:00 p.m.) on April 18, 2003. Comments should be sent to LADWP, in care of Mr. Clarence Martin at 300 Mandich Street, Bishop, California 93514-3449.

If you have any questions regarding this matter, please contact Mr. Martin at (760) 872-1104.

Sincerely,
