

AMENDMENT #2 TO THE AGREEMENT BETWEEN THE COUNTY OF INYO AND THE CITY OF LOS ANGELES DEPARTMENT OF WATER AND POWER REGARDING AN INTERIM MANAGEMENT PLAN FOR THE GROUNDWATER PUMPING IN THE OWENS VALLEY

In April 2007, the City of Los Angeles Department of Water and Power (LADWP) and the County of Inyo (County) entered into the *"Agreement between the Count of Inyo and the City of Los Angeles Department of Water and Power Regarding an Interim Management Plan for Groundwater Pumping in the Owens Valley"* ("IMP").

Pursuant to Item 13 of the IMP, modifications or amendments to the IMP must be by written agreement of LADWP and the County.

AMENDMENT

The County and LADWP agree to amend *"Exhibit B of the IMP—List of Exempt Owens Valley Wells for this Agreement."* The reason for the change is described below and shown on the attached revised version of Exhibit B.

Well 247 was not included in Exhibit B. Well 247 is used to supply water to the McNally pasture, an enhancement/mitigation project in the Laws area.

Wells 376 and 399 were not included in Exhibit B. Wells 376 and 399 are used to supply water to irrigation systems for re-vegetation projects in the Laws area.

Well 377 was not included in Exhibit B. Well 377 will be used to supply water to the Laws/Poleta pasture, an enhancement/mitigation project in the Laws area.

The attached Exhibit B (rev. 7/2007) supersedes the previous version of Exhibit B, and this amendment becomes effective upon full execution of both parties and shall remain in effect for the duration of the IMP, unless modified as per the terms of the IMP.

LADWP and the County of Inyo hereby accept this amendment.
